Frontend Engineer with 5+ years of experience building scalable, high-performance, and production-grade web applications using React, Next.js, and TypeScript. Strong expertise in UI architecture, advanced state management, performance optimization, and delivering complex, interactive user experiences, including 3D web applications.

Experience

Lumex Agency • Full-time

Senior Frontend Developer

Florida, US - Remote
May, 2025 - Jan, 2026

- *Worked as a Senior Frontend Specialist, collaborating closely with senior frontend engineers and team lead designers on production-level projects.*
- *Delivered pixel-perfect UI implementations, strictly following design systems and high-fidelity Figma layouts.*
- *Developed CMS-driven websites using Payload CMS, integrated with PostgreSQL, and deployed via Docker-based environments.*
- *Built scalable, maintainable frontend architectures using React, Next.js, and TypeScript.*
- *Integrated frontend applications with backend APIs and CMS schemas, ensuring data consistency and performance.*
- *Actively participated in cross-functional collaboration, aligning frontend development with design and backend requirements.*
- *Managed tasks and workflows using ClickUp, following structured sprint-based processes and deadlines.*
- *Ensured code quality, reusability, and performance optimization across multiple projects.*

Najot Ta'lim • Part-time

Middle Frontend Mentor

Fergana, UZ - Onsite
Nov, 2024 - May, 2025

- *Delivered hands-on frontend training to 100+ students, focusing on React, Next.js, and modern frontend development practices.*
- *Taught real-world, production-oriented concepts, including component architecture, state management, routing, and performance optimization.*
- *Guided students through practical projects, helping them build scalable and maintainable web applications.*

Origin Digital • Full-time

Middle Frontend Developer

Tashkent, UZ - Remote
Sep, 2023 - Sep, 2024

- *Delivered end-to-end frontend solutions for freelance-based and client-driven projects, covering diverse business domains.*
- *Built and maintained scalable, production-grade e-commerce platforms, including product catalogs, cart and checkout flows, and admin-facing interfaces.*
- *Contributed to an AI-powered cashierless smart refrigerator system, developing data-driven, real-time user interfaces and integrating frontend logic with AI-backed services.*
- *Developed job search and recruitment platforms, implementing advanced filtering, dynamic routing, and user-centric workflows.*

Skills

- **Frontend & UI:** React, Next.js, TypeScript, Redux Toolkit, Zustand, HTML5, CSS3, Tailwind, Responsive & Pixel-Perfect UI, Animations, 3D Web (Three.js)
- **Architecture & State:** Component Architecture, Complex State Management, Performance Optimization
- **CMS & Backend:** Payload CMS, REST API, PostgreSQL
- **DevOps & Tools:** Docker, Git, ClickUp, Agile Collaboration
